## VARIED PRICES FOR POTATOES IN LOCAL SHOPS

### Ask Wardens, Police To Meeting, Friday

All local air raid wardens and the auxiliary police in Gettysburg have been asked to attend the June meeting of the Gettysburg Council of Defense which will be held Friday evening at 8 o'clock in the American Legion building, Baltimore street, it was announced today by LeRoy H. Winebrenner, council chairman.

An attempt will be made to clarify traffic and other regulations which are to be enforced during the "blue" and "red" alarms in future air raid tests. Results of the surprise test here on Sunday evening, May 23, will be reviewed, Mr. Winebrenner said.

### Services Wednesday For W. H. Stansbury

Funeral services for William H. Stansbury, 67, who died at his home, Lorraine Lodge, Lincolnway east, Sunday afternoon, were held from the Bender funeral home Wednesday afternoon conducted by the Rev. Dr. N. B. S. Thomas. Interment in St. Paul's Lutheran cemetery, Carroll county, Maryland.

The pallbearers were Charles, Harry and Odin Walter, Howard Markle, Russell Epeley and Albert Hauf.

### LOCAL CHURCH BOARD REDUCES SUMMER WORK

Twenty members attended the board meeting of Trinity Evangelical Reformed church school at the home of Mrs. Guyon E. Buehler Wednesday evening. Devotions were conducted by Miss Esther Tipton and Miss Nancy Butt. Miss Alice Snyder, chairman of the Special Activities committee, reported that Mrs. Ralph W. Baker would be the speaker for the Children's Day program on June 13th. All departments will meet together that day. There will be no lesson period.

T. J. Winebrenner reported for the membership committee; George T. Raffensperger for stewardship; Miss Tipton for sunshine and library, and Mrs. C. Tyson Tipton for home and extension. A report of the First District convention of the Adams County Council of Christian Education was given by Mr. Winebrenner and John Hertz.

### Cut Summer Work

Mrs. Curtis Kline was appointed teacher in the Primary department. Delegates were appointed to attend the annual convention of the Adams County Council of Christian Education to be held at St. James Lutheran church on June 13th. Mrs. Louise Hoffman, reporting for the nominating committee, stated that all present officers had been asked to serve for another year. The annual election will be held early in September.

The board authorized a less formal program for the period from June 20th to September 1st. Departmental classes will be combined and teachers will rotate during the summer. Opening worship services during the period will be less formal.

After the business session a social hour, with refreshments, followed.

In addition to the above the following were present: Mrs. Robert Snyder, Miss Myrtle Sheely, the Rev. and Mrs. H. S. Fox, Mrs. Robert Dearoff, James E. Moore, Miss Helen Hoffman, George T. Raffensperger, Jr., Mrs. Lawrence Blevin, Clarence Nuss, Jeanne Spangler.

### Green Yanks Drop Mosquito Nets, Cots And Fruit Juice On Jap Ship

Seattle, June 3 (AP)—First Lieut. John T. McChesney, back from 14 months of aerial action in Australia, chuckles as he tells how a green bomber crew, in its first taste of fire, dropped cots, mosquito nets and fruit juice on a Japanese ship.

He wears the Distinguished Flying cross for that first raid, a medium bomber mission to Rabaul, New Britain.

"We were 60 miles from Rabaul when we located a Jap transport and decided to stay and drop our load on it," he told a Post-Intelligencer reporter yesterday.

"We were so darned inexperienced that we tried the recognition procedure on the ship, flying low and flashing our lights. It was silly; the transport couldn't have been

## PUPILS REALIZE PROFITS FROM FARM PROJECTS

Agricultural education students in the county schools made a net profit of \$19,151.86 on 229 home projects completed during the past year on the school paper. After joining the Navy last October, Fink received his basic training at Great Lakes, Illinois.

The youngsters sold \$89,497.60 worth of products from their projects which included everything from bee keeping to raising beef cattle. They spent \$70,345.74 for bees, feed, seeds, fertilizer and other materials and paid themselves \$2,169.65 for their labor.

Only two projects failed to show a profit—both were in beekeeping—with the youngsters handling nine colonies of bees. The bees and their upkeep cost \$78.39. The amount realized from the sale of honey was \$73.28.

### Tons of Produce

There were eight beef projects in which 50 steers were purchased for fattening. The youngsters found expenses at \$2,386.02 while income was \$3,783.90. Net profit on the steers was \$1,397.88 after the youngsters paid all bills and gave themselves \$41.39 as the cost of their Men."

### Twenty-one

Twenty-one of the 181 youngsters completing projects handled two projects, and 11 completed three or more projects. Truck and garden crops raised by the youngsters included over a bushel of asparagus, 664 bushels of snap beans, 15 bushels dry beans, 143 bushels beets; 2,370 pounds of cabbage, 2½ bushels of cantaloupes, 12 bushels of carrots, 1½ bushels of celery, 19 bushels of cucumbers, a bushel of endive and nearly a bushel of eggplant, over 14 bushels of lettuce, 239 bunches of green onions and over 27 bushels of dry onions, six bushels of pea pods, 231 quarts of shelled peas, eight bushels of peppers, 131 bushels of radishes, 1,032 dozens of ears of sweet corn, 29 bushels of sweet potatoes, 1,295 bushels of tomatoes and a number of other products.

### Vegetables Profitable

The 14 projects in corn covered 40 acres and showed a net profit of \$15,65. The 44 chicken and poultry projects showed a net profit of \$3,919.99. The youngsters raised 6,481 chickens and 104 ducks in their various projects. Profit from 71 swine projects in which 237 pigs and 46 sows were handled were \$3,024.68. From their 44 garden and truck patches on 21 acres the youngsters made a net profit of \$632.97 and paid themselves \$290.97 for labor.

The report was compiled by Richard C. Lighter, county agricultural education advisor, and sent to the Bureau of Instruction of the state Department of Public Instruction.

### ALL-DAY S.S. MEET SUNDAY

An all-day program has been prepared for the 34th annual Sunday school meeting to be held Sunday at the Mummasburg Mennonite church, it was announced today.

The morning session will begin at 9:30 o'clock with song service and devotion followed at 9:45 by the Sunday school lesson taught by Daniel Kuhns, of Chambersburg; a talk, "The Influence of the Home on the Sunday School," by Donald Lauver, McAlisterville, at 10:15 and another address, "The Subtle Voice of Strangers," by Amos Weaver, Paradies, at 10:45 o'clock.

The song service and devotion at 1:30 o'clock will open the afternoon program which includes a children's meeting at 2 o'clock led by Mervin Longanecker; a talk, "Responsibility of the Home to Society," by Mr. Weaver at 2:30 and a talk, "Faithfulness" by Mr. Lauver at 3 o'clock.

The song service and devotion for the evening service is scheduled for 7:15 o'clock followed by a talk, "The Beauty of the Christian Life," by Mr. Lauver at 7:30 and a sermon by Mr. Weaver at 8 o'clock.

Daniel Kuhn is moderator and Mervin Longanecker, chorister for the program.

### THEATRE SALE \$97.75

The sale of war bonds and stamps at the booth at the Majestic theatre amounted to \$97.75 for the week ending May 28 it has been announced by Mrs. Paul D. Thomas, chairman of the Woman's club, and Sidney Poppy, manager.

But the crew learned fast. Lieutenant McChesney said that when he left Australia in May his ship was the only one remaining intact out of the original unit of 60 that started for Australia in April, 1942.

Stover's Shoe Store, Baltimore Street, will be closed all day Thursday.

Radio Service, Baker's Battery Service.

## Graduates From Submarine School

Dean Elwood Fink, radioman, son of Mrs. H. K. Flury, Biglerville, has completed his basic training at the Submarine School, Submarine Base, New London, Connecticut.

Fink graduated from Biglerville high school three years ago where he participated in football and track, played in the orchestra, was a member of the glee club and worked on the school paper. After joining the Navy last October, Fink received his basic training at Great Lakes, Illinois.

Vice Admiral Emile Muselier (above) was named by Gen. Henri Giraud to be the latter's deputy as commander-in-chief in French North Africa. Muselier was charged with maintaining order in Algiers and vicinity.

## Here And There

News Collected At Random

We receive many letters from Adams county men and women serving their country in this hour of need. Most of them are published in our news columns. The few that are not are those that contain merely a change of address or some information that we consider of such military importance as to come under the code of censorship. The "change of address" letters are published under the heading "With Our Service Men."

## FRIDAY RITES FOR M. TITUS

Funeral services were held today at Montclair, New Jersey, for Melville Titus, former resident of Gettysburg who retired in 1919 as confidential secretary to the president of the Continental Life Insurance company. Interment will be made in Evergreen cemetery Friday afternoon at 3 o'clock.

Mr. Titus died Tuesday morning at his home after an illness of several weeks.

He was the son of the late Rev. Timothy Tilghman and Rachael Witherow Titus and as a boy lived for some years in Gettysburg. His father was a graduate of Gettysburg college and seminary and for a time was a teacher in the college.

### Born in Ardmore

Mr. Titus was born in Ardmore, Pa., where his father was pastor of the Lutheran church. He went to New York as a young man and became associated with the life insurance company. He resided in Upper Montclair for 33 years.

Here at Seymour-Johnson Field, as at other camps, there are two Red Cross units—one on the field serving the men there, and one in the hospital serving the patients and Medical detachment men. In our hospital unit, the recreation workers have a job that's really full-time, planning and carrying out an interesting program for convalescents.

"A good many patients come to our recreation building at any hour of the day for every activity from cards and ping-pong to movies and quite elaborate parties. For the ones confined to bed, games, books and crafts are taken to the wards. The girls do their level best to relieve the dreary monotony of hospitalization and from the enthusiasm with which they're greeted, I'd say they certainly succeed.

"It's a bit harder to define just what we social workers do—briefly, we try to help a man with any and all problems arising from his illness. And there are an amazing number and variety of problems—personal

# Bombings Of Germany Make Hitler Shift To Defensive

By DEWITT MACKENZIE

The Anglo-American "experiment" of trying to bomb Corporal Hitler into near impotency is said in well-informed quarters to be proceeding splendidly according to plan, and it shouldn't be long now before the wear-and-tear begins to show in his fighting machine.

The effect of such bombing is, of course, cumulative. That's to say, Hitler naturally has reserve supplies which are considerably in advance of his immediate requirements. Thus even if all his war-production were halted at one time, it wouldn't necessarily stop his fighting-machine forthwith.

## Mountain of Disaster

This means that the destruction of an industrial city might not be felt at the front for some weeks. Continued day and night devastation of manufacturing centers over a wide area, however, will accumulate a mountain of disaster that in due course will hit the Fuehrer like an avalanche. Then will be the time for the Allies to put an army onto the continent from the English channel and march on Berlin.

One of the results of this bombing already evident is that the Nazis are having to increase the manufacture of fighter planes in order to defend their industrial centers from bombing. This means a decrease in production of bombers and consequently in the raiding operations of the Luftwaffe. In other words, Hitler is having to turn his air force into a defensive weapon.

## Amazing Results

While the Allied bombing is giving amazing results, a Royal Air force commentator in London yesterday said that greatly increased numbers of US-RAF bombers are needed for operations from Britain. At the same time he paid high tribute to American daylight bombing and said it contributed greatly to the results making May the most successful month of the aerial offensive.

The commentator didn't amplify his statement, but the point he had in mind undoubtedly is this: To bring the bombing drive to its peak of efficiency there must be constant day and night operations with big fleets. The British are night bombers and are going all-out. The Americans are specialists in day bombing, and are doing a grand job.

## Home Production

The idea of this round the clock bombing is a fascinating bit of strategy. It keeps the Boche constantly on the defensive at all points. They must be on the alert day and night, because they don't know when an attack is coming.

This means that the German fighter squadrons and the anti-aircraft crews get little opportunity for sleep. In order to give warplane and gun crews adequate rest, it would be necessary to have three crews for each ship and each battery. Hitler just hasn't got 'em. Few things are so wearing on a soldier's endurance and morale as constant bombing with no chance for sleep.

The general theory upon which the efficiency of all-out bombing of Germany is based is being well substantiated. Hitler's army is his strongest remaining weapon, and he is being deprived gradually of its striking power by the Allied aerial assault.

The deterioration will proceed more rapidly with passing time. That is, it will if the slowing down of war production here at home doesn't cripple the great offensive.

## Refuse To Draft Men During Strikes

Nashville, Tenn., June 3 (AP)—Robertson county's local draft board No. 1 asserted today it would "induct no more men" into the armed forces "until the government takes some action to settle this question of strikes."

The board's decision was contained in a letter to Governor Prentice Cooper which declared that if the contemplated action did not meet with the Governor's approval "you may accept this as our resignation and proceed to appoint our successors."

"We cannot draft men into the Army at pay of \$50 per month when civilians in industry essential to the war effort are permitted to strike for higher wages although already being paid \$1 or more per hour," the letter read in part.

## TAX TIMETABLE FOR NEW INCOME LEVY COMPILED

Washington, June 3 (AP)—John I. (for income) taxpayer should get out his red pencil and mark these dates on his calendar if the pay-as-you-go revenue collection bill awaiting President Roosevelt's action becomes law:

June 15—Pay the quarterly installment as usual on 1942 income tax. (You'll get credit for this and the March 15 installment as payments on your 1943 income.)

July 1—Be not too surprised when the boss starts deducting from your pay 20 per cent of all overbasic exemptions of \$12 weekly for single persons, \$24 weekly for married (plus \$6 for each dependent). He'll be ordered to do that and turn it over to the Treasury as current payments on victory and income taxes.

You'll Be "All Even"

Sept. 15—If you're single and make more than \$2,700 or married and make more than \$3,500 file with your tax collector an estimate of your 1943 earnings and pay one-fourth of the excess over the amount being withheld from your salary. If you get your money from sources other than wages or salaries, file an estimate and pay one-fourth of the total tax.

Dec. 15—Second and last chance to estimate your 1943 income upward or downward (if you are more than 20 per cent under on your guess, the Treasury will charge you 6 per cent interest penalty). Pay a quarterly installment. Farmers may file their first estimate (have 33 1/3 per cent leeway on guess).

Jan. 1, 1944—Happy New Year and you should have that satisfied feeling of being technically all even with Uncle Sam on your income tax for the first time in history.

Then Comes March 16

March 15, 1944—Comes the day of final reckoning. Compare your final, actual tax liability with what you paid in 1943 in withholding taxes or quarterly installments, get a rebate or pay the remainder.

If your 1942 tax was not all abated but only 75 per cent of it, pay one-half of the remainder on this date.

Figure your 5 per cent Victory tax, take the deductions, and pay the additional over what has been withheld, or get a rebate.

Estimate your 1944 income if it is not from wages or salaries and make a quarterly payment on it. If 20 per cent is withheld from your pay and you are single and make more than \$2,700 or married and make more than \$3,500, figure the difference between your total estimated 1944 tax and the amount to be withheld and pay one-fourth of it.

March 16, 1944—Take a few days vacation to recuperate.

Surviving are the following sons: Lewis D. Spangler and Cameron C. Spangler, both of East Berlin and Paul S. Spangler, Red Lion; two brothers, Clayton Bosselman, Aarndtsville, and Michael Bosselman, York, and 13 grandchildren.

Mrs. Spangler had been a resident of East Berlin but moved to West York where she lived for eighteen years. For six months prior to her death she resided with her son. She was a member of St. James Lutheran church, West York.

The Rev. G. E. Miller, pastor of St. James church, assisted by the Rev. Snyder Allerman, pastor of the East Berlin Lutheran church, will officiate at the funeral services Saturday afternoon at 2 p.m. from the late residence and concluding services at Trinity church. Interment will be in the East Berlin cemetery.

Friends may call at the late home Friday evening from 7 to 9 o'clock.

## ROTARY PLANS LADIES' NIGHT

A "non-Aryan" doctor-of-laws who acted as corporation counsel for a Swiss firm in Germany during five years of Hitler's totalitarian regime will be the speaker Monday evening at the Ladies' Night program to be held by Rotary at the Hotel Gettysburg.

Captain John R. Coshey, commandant of the 55th College Training Detachment of the Air Corps, and four of the group leaders have been invited to attend the dinner as guests of the Rotarians.

The dinner will begin at 6:15 o'clock.

## HOSPITAL REPORT

The Rev. Dr. Frank Laubach, missionary in the Philippines, will be the speaker at this evening's public session of the Deputation Fellowship School of Missions being conducted this week at the seminary here. The service will be held from 8 to 9 o'clock in The Church of the Abiding Presence on the seminary campus. His theme will be "Enriching the Devotional Life of the Missionary."

The final plenary session of the school will be held Friday evening at 8 o'clock when the Rev. Dr. Ralph H. Long, executive director of the National Lutheran Council, New York city, will speak on "Lutheran Missions in the Post-War World."

Dr. Abel Ross Wentz, Seminary of the Abiding Presence on the seminary campus, will preside at that session to which the public is invited.

## SAFE CROSSING

Mrs. Wilbur L. Plank, Springs avenue, has been notified by the War department that her husband, Lt. Col. Plank, has arrived safely at his destination overseas. His present location was not indicated.

These figures are incomplete, he said, including only those whose names have been reported through the International Red Cross. On this basis, Germany holds 3,312 prisoners and Italy has 2,464.

Stimson, in a press conference at which he also mentioned that the virtually-completed conquest of Attu puts American forces "in striking distance of Japanese territory," said that food packages are being sent regularly to the prisoners in Germany and Italy but the Japanese have not yet agreed to such an arrangement.

Asks for elaboration on his hint of future operations from the western Aleutians against the Kurile Islands of Japan less than 800 miles away, Stimson smiled and said "it's a pretty long distance."

The climax of the Attu fighting,

he said, came on May 28 and 29. On the first day, Army troops seized several positions overlooking Chichagof Harbor, but on the morning of the second day the Japanese counter-attacked savagely, penetrating the forward American lines and getting as far as the advance regimental command post. However, reserves were thrown in and the last effort of enemy forces was repulsed.

Stimson, in a press conference at

which he also mentioned that the virtually-completed conquest of Attu puts American forces "in striking distance of Japanese territory," said that food packages are being sent regularly to the prisoners in Germany and Italy but the Japanese have not yet agreed to such an arrangement.

# Brooklyn Retains Lead By 3-2 Win Over Cards; Senators Gain On Yankees

## CHISOX DEFEAT NEW YORK 3-2; PHILLIES WIN

By JUDSON BAILEY

AP Sports Writer

The St. Louis Cardinals may be the world's champions, or, as Manager Billy Southworth calls them, the world's greatest ball club, but the Brooklyn Dodgers have to be rated as the most dogged, determined gang of diehards in the major leagues.

This Spring the Cardinals have sparkled and glittered and won the admiration of all their rivals in the National league.

The Dodgers haven't looked good, a collection of old geezers with aches and pains.

Yet the Dodgers have held first place since the first day of the season and nothing the Cardinals have been able to do has been sufficient to dislodge them.

Last night they seemed ready to fall. The Cardinals had humiliated all the Dodgers' strongest, fastest pitchers and were within half a game of taking the lead. Southworth had Max Lanier ready, a southpaw who had beaten Brooklyn five times last year and once this spring.

Macon Success

Leo Durocher had to take a chance on the only left-hander he has on his staff, Max Macon, who couldn't dent a custard pie at arm's length and who hadn't pitched a complete ball game all season.

Macon still hasn't pitched a complete game, but he beat the Cardinals last night to even their four-game series and restored Brooklyn to a game and a half lead. The score was 3-2 and the raging Redbirds who had made 20 hits the day before, who had obtained Danny Litwhiler from the Phillies and installed him as cleanup hitter, were limited to seven safeties.

Meanwhile, the American league scramble for first place became even closer than the National as the Chicago White Sox whipped the New York Yankees 2-1 and the Washington Senators squelched the Cleveland Indians 13-1 in a night game. This lumped the Yanks and Senators in a virtual tie for the lead, although New York had the benefit of a few percentage points, .576 to .568.

Tigers Hold Third

Detroit held third place by beating the Philadelphia Athletics 7-2, third five-hit hurling by Frank (Stubby) Overmire and the St. Louis Browns and Boston Red Sox divided another pair of extra inning games. The Browns took the first 7-2 in 12 innings and the Red Sox reigned in the nightcap 3-2 in 10 innings.

In the National league Cincinnati and Pittsburgh continued in a tie for third place. The Reds walloped the New York Giants 13-6 with an 18-hit assault on five pitchers.

The Pirates came from behind in a night game to beat the Boston Braves 3-2 with three runs in the ninth inning. Two of them came on a homer by Elbie Fletcher.

The Phillies nosed out the Chicago Cubs 6-5 for Schoolboy Row and now have beaten the Bruins seven times in eight games.

### War And Hard Luck Tough On Coach

Canyon, Tex. (AP)—You might nominate Windy Nicklaus as the hard luck coach of them all and expect to meet little argument.

Here's the tale of woe:

Nicklaus turned out two State championship teams at Amarillo Junior College only to have the school drop football.

Ditto at Altus, Okla., Junior College.

Oklahoma Baptist quit after Windy had given that school its first conference title.

Then he went to Borger High school, but he left last spring to become assistant coach at West Texas State here.

So, the other day West Texas decided to abandon all athletics for the duration.

**EASY TO TAKE A SHINE TO**  
New York (AP)—When 31 British naval officers registered at the Hotel Madison Square, a whole corridor was turned over to the men. Early next morning a bellboy chanced to look down the corridor and was amazed to see 31 pairs of shoes lined up outside the doors. He rushed down to the manager, who made a telephone call.

"Look," the manager said, "I'll see that your shoes are shined, but for heaven's sake, take them in. Don't you know they're rationed in America?"

**CAT STARTS TROUBLE**  
Butte, Mont. (AP)—Truck Driver Wilfred Tarrow says a black cat ran across his path, just as he stopped his freighter near the railroad depot. Then a tiny spark from a small fire, burning yards away, floated through the air and came neatly down in the middle of a tiny spot of gasoline on the running board. The next moment the truck was in flames. Most of the paint burned away but the fire left intact the truck's stenciled number. It's No. 13.

## Huge Taxes On Edsel Ford Estate

Detroit, June 3 (AP)—The will of Edsel Bryant Ford was filed for probate today and, because it bequeathed the greater part of his Ford Motor company stock to the Ford Foundation, attorneys estimated an estate inheritance and transfer taxes might not amount to much more than \$12,000,000.

Attorneys said the estate itself probably would amount to \$200,000,000.

Edsel Ford, only son of Henry Ford and late president of the Ford Motor company died last week at the age of 49.

The Ford Foundation, a non-profit corporation, was organized in 1936 for educational and other purposes. Gifts to organizations of its type are not taxable.

## GUNDER HAEGG TO MAKE DEBUT ABOUT JULY 1

Stockholm, June 3 (AP)—American track fans, impatient for a glimpse of the running form of Gunner Haegg, Sweden's sensational distance performer, will have to be patient about a month longer. The record-smashing athlete won't be able to make his United States debut before July 1.

He is scheduled to arrive in New Orleans aboard the tanker Saturnus June 8, but it will take him three weeks to lose his sea legs, which means he will miss the A. A. U. championships in New York June 19 and 20.

The long ocean voyage has hardened Haegg's springy leg muscles and caused him to gain weight, a correspondent of the Aftonbladet accompanying the runner reports.

The Saturnus encountered stormy weather the first three days and Haegg got little exercise. After that he began running two hours daily, with hourly morning and afternoon sessions on deck. One day he ran 3,000 meters in 10 minutes.

The bobbing deck is a far cry from the springy turf, however, and Haegg's leg muscles, part of the secret of his speed, have suffered accordingly. He also has gained six pounds despite daily visits to the ship's steam bath.

Lonny Horne, the Niles, Ohio, middleweight, was born only 60 feet from the birthplace of President McKinley. . . . Herb Kopf, Manhattan's volatile football coach, complains that the hardest thing about being in the midst of the football doldrums is just sitting still. "It's terrible for a guy who lives to move around the way I do," says Herb. A "tip" relayed by Buck (Louisville Times) Weaver is that the Charles Town, West Virginia, race track is about to close because of gas restrictions. The next big baseball announcement will come from St. Louis—probably today.

#### Technical School Is Being Probed

Harrisburg, June 3 (AP)—Auditor General F. Clair Ross announced today that a joint investigation by three state departments is being made into the financial affairs of the Williamsport Technical Institute at Williamsport and that, meantime, "all funds with the exception of maintenance costs of students in attendance will be withheld."

Administrative and financial affairs of the technical institute, Ross said "are so confused and student records and accounts so inadequate that it is impossible to determine accurately student instruction," adding that the Auditor General's office, the Departments of Labor and Industry, and Public Instruction are conducting the investigation.

## LEFTY GEORGE TWIRLS AGAIN

By the (AP)

The Wilmington Blue Rocks hold undisputed possession of first place in the Interstate league again today after slamming out 10 hits for an 11 to 4 victory over the Hagerstown Owls last night.

The Rocks and Owls entered the contest in a tie for the lead. Tal Abernathy scattered 10 hits and fanned a dozen Owls while his teammates were ganging up on Al Ott, who went the route for Hagerstown.

The night's games were marked by other notable events. Chief among them was the return to action of Lefty George, 56-year-old pitcher, who went to the mound for the York White Roses in a relief role. George retired two batters to end an inning but was taken out after three members of the Allentown Fleetwings singled in succession to start the next inning. The White Roses defeated the Wings 8 to 6.

Les McCrabb, former Philadelphia Athletics hurler, was one of five new players who took the field for the Lancaster Red Roses against the Trenton Packers. McCrabb allowed 11 hits but kept them well spaced as the Red Roses scored a 6 to 1 victory. The former big leaguer has been working on his father's farm at Christiana, Pa., since his voluntary retirement more than a year ago.

### An Evening Thought

Be not afraid of enthusiasm; you need it; you can do nothing effectually without it.—Guizot.

### Just Folks

By Edgar A. Guest

MELLOWED  
Time was I argued black is black  
And would not take one footstep  
back.

But battled for it.

Time was I thought the truth I  
knew

And knowing something to be true  
Would not ignore it.

I must, thought I, stand firm and  
fast  
Or live a weakling to the last.

When contradicted or denied,  
Time was I held a certain pride  
In long debating.

Thought myself humbled or dis-  
graced  
If I by blundering folly faced  
Stood hesitating.

Into an argument I'd fly,  
To challenge, question and deny.

Now tempered by the years I sit,  
Content in silence to submit  
And argue little.

With just "Perhaps?" or "Maybe  
so!"

I let all disputation go,  
Content to whittle.

I've learned that much I once  
thought true

Was possibly my point of view.

#### PENSIONS FOR POETS

I like the idea of pensions for mothers who are in need, and for those who have bravely weathered many a storm in life, and also for soldiers and worthy human beings who have given of their all to preserve a free and happy land.

There is a class of human beings, however, who are among the most useful of all living creatures who do not come in the ordinary run of affairs. I refer to our poets. Real and worthy poets are an asset to humanity. Rarely are they money makers. How many really great poets have become wealthy? No Poe, Keats, Shelley, Brooke, Thomas, or Bryant, ever gained such distinction.

And yet all down the years these inspired poets have blessed all mankind. Who would begrudge the modest pension that a state could easily afford to give to such in order that they might care modestly for themselves and families while they created enduring poetry to comfort and inspire the world?

A field of daffodils in England—unless the enemy's bombs have wiped it out—remains as a memorial to the poet Wordsworth. But in the largest sense the poet's work itself is his everlasting monument.

Every country should pay attention to its poets. These poets should be extolled, praised, and encouraged. What a rare poet Ernest Dawson was! It was disappointment and poverty that crushed his life to the earth. I have a letter written by Oscar Wilde where he speaks of this inspired poet as one who sang songs that reminded him of the Nightingales that sang in Shakespeare's time.

Today collectors of these neglected poets pay large sums for the merest manuscripts that have been left to perpetuate their memory! I have set in auction rooms and listened to the sales of bits of Burns, sold for thousands of dollars, in their manuscript form. And no one can afford to buy the few remaining manuscripts of Poe, excepting the very wealthy! During his life, however, he lived in abject poverty a great deal of the time.

I am thrilled at the appreciation of America's Robert Frost, who doesn't need a pension—but I think of the hundreds of embryonic ones who do!

Tomorrow Mr. Adams will talk on the subject: "About Selling."

Although geographically part of North America, Attu actually is in the eastern hemisphere.

## Milk Drivers Strike Because Of ODT Order Of Deliveries Every Other Day

## RULE CAUSES LITTLE LOSS IN EARNINGS

Pittsburgh, June 3 (AP)—A strike of AFL drivers against an order of the Office of Defense Transportation to make deliveries every other day virtually halted home deliveries of milk in Pittsburgh today.

The drivers said they objected to having to deliver double loads on every-other-day trips.

Many hundreds of gallons of milk were dumped into sewers because dairies lacked storage space.

## "DUMPED" MILK

The strike began yesterday but did not become total then because only half the drivers were given double cargoes the first day. In some cases, drivers "dumped" half of their milk and made deliveries of their accustomed amounts.

Object of the ODT order was to conserve gasoline. It was made to apply to horse-drawn milk wagons, also, in order that their owners might not have an unfair trade advantage.

By delivering two days' supply of milk to homes, rather than one, the ODT declared, half the gasoline used in trucks would be saved.

There would be little loss in earnings to the drivers since nearly all of them are paid on a commission basis. They would work only every other day, however, instead of six days a week.

Paul W. Keely, district ODT director who issued the order, made no attempt to intervene in the situation.

## Goes to WLB

Edward Hibbets, secretary of the Greater Pittsburgh Milk Dealers association, said the Department of Labor Conciliation service has been called into the case as a preliminary step to certification of the dispute to the War Labor Board.

Milk deliveries to stores were not affected.

This will not prevent a milk famine in the city, however, if the strike continues, as the Milk Drivers' union has declined to increase its wholesale deliveries.

The public was able to get milk by going to dairies but with no gas available for automobiles, this was impossible for most customers.

There was a big rise in canned milk sales with indication that supplies would soon be exhausted despite the fact that ration stamps are now required.

Hot Springs, Va., June 3 (AP)—Appointment of a commission to draw plans for a permanent world agricultural authority is expected to be the chief recommendation emerging from the food conference of 44 nations, scheduled to hold its final session here today.

Norristown, Pa., June 3 (AP)—Jimmy Foxx, former major league baseball player, was divorced Wednesday by the former Helen M. Heite, who charged indignities and testified that Foxx often became abusive while under the influence of alcohol. The couple has two sons, James Emory, Jr., 12, now in a military academy, and William, 8, who lives with Mrs. Foxx at Jenkintown, Pa.

Charley (Red) Ruffing won 258 games while losing 216 in his big league career.

## SEE FINAL OKAY ON COMPROMISE RUMI TAX PLAN

Washington, June 3 (AP)—With a certainty reserved only for death, he will find, in most instances, 12½ per cent added to the amount he expected to pay out this year in income taxes, plus an identical 12½ per cent the following year, but those extra bills won't be due until March 15 of 1944 and '45.

### Pay June Installment

He will find from 75 to 100 per cent of what he now owes in income taxes abated, but to him that will remain largely a bookkeeping operation until his income declines or until the second certainty—death—steps in. (He will never get any money back, just pay less at some future and uncertain date.)

Congressional leaders are confident that once legislative formalities are completed, President Roosevelt will sign the bill—or at least let it become law—with these practical results to the average taxpayer.

He will find himself for the first time in his life paying the Federal taxes on his income as he earns it, either through a 20 per cent payroll levy which would go into effect July 1, or through quarterly installments made on the basis of his estimated

## OFFER SPECIAL TRAINING FOR MANY TEACHERS

Harrisburg, June 3 (AP)—Specialized teacher training is high lighted at summer courses offered by 36 Pennsylvania colleges and universities to offset what may be a shortage of qualified instructors next year, a state education official disclosed Wednesday.

"Colleges in Pennsylvania are adjusting summer school programs to meet the needs of teachers," declared Dr. Henry Klonower, head of the state Bureau of Teacher Education and certification.

He said the colleges are "appealing to those who would make the essential work of teaching their profession to come to these summer sessions where every opportunity will be made available for rounding out their qualifications."

"A definite effort," he added, "is being made in many of the summer sessions to have teachers become fully familiar with the approved war adjustment program."

Among the courses, Dr. Klonower explained, are "the historical background of the war, principles and methods of public health nursing education, propaganda and public opinion, economics of national defense and post-war reconstruction, military conditioning, conducting war-time business clinics, and aviation for teachers of pre-flight aeronautics."

## BOOTLEGGING OF COAL AFTER WAR TO BE AVOIDED

East Berlin—Miss Naomi Julius

has completed her first year of college work at Elizabethtown college and will spend some time with her parents, Mr. and Mrs. Glenn Julius.

Mrs. Latimer Feiser, who has been seriously ill for several weeks, is now able to be about.

A station for the purpose of spotting enemy aircraft is being considered in East Berlin and a meeting is scheduled for Thursday evening in the local high school auditorium when the site for the erection of the station will be discussed and names of volunteers to man the station will be considered. Members of the Army will be here from Harrisburg and pictures relative to the war will be shown.

The Women's Work Organization of the Bermudian Church of the Brethren had a meeting Tuesday evening at the George King home.

Mrs. Ellen King, who has been spending some time with her daughter in York county, has now gone to the home of another daughter in Harrisburg.

Asserting there was no discussion of the work stoppage now in progress throughout the coal industry, Martin added the committee feared free lance mining "will get as bad after the war as it was."

Maize said one suggestion discussed at the conference was that the state mines department inspect small mines under existing law. He pointed out that while the law only provides for compulsory inspection of mines employing five or more persons, it also says the state may inspect those employing less.

# DEADLY ALLIED CONVOY ESCORT PLAN WORKING

Alexander described March as "a poor month" in the battle against the submarines, but said it still was not the worst month of the war in the campaign to free United Nations supply lines of the undersea menace.

## Admitted By Axis

Because of the high output of new shipping in the United States, he said, there was a substantial net gain of the overall tonnage in March.

His statement disclosed that in April and May merchant shipping losses were reduced below the level of the three months from December to February after heavy losses in March.

A DNB report broadcast today from Berlin and recorded by the Associated Press listed 65 British and American merchantmen, totaling 380,000 tons, as sunk in May by Nazi submarines. This was a drastic reduction compared with the usual monthly totals issued by the Germans.

Washington, June 2 (AP)—For the third time, the Supreme court Tuesday refused to review the conviction of Max Stephan, Detroit restaurant owner, on a charge of treason against the United States and simultaneously lifted its order staying his execution.

## WOMEN'S LAND ARMY LEADER LIKES FARMING

By MARGARET KERNODLE

Washington, June 3 (AP)—The Women's Land Army leader, Florence Hall, "feels like a farmer." She wasn't born on a farm, but her village family of Port Austin, Mich., owned a farm and spent a lot of time there. Most of her career has been work with farmers' wives.

She'll dig a Victory garden with Washington friends this summer because she has no spot of her own big enough to plant anything.

Florence Hall doesn't mind admitting she's a homebody. Fixing up her capital apartment (she has worked here 21 years) is her hobby. One New York homemaker bulletin features her living room as a cover photograph. Early American antiques of cherry, walnut or mahogany are her favorites. She keeps an eye out for unusual copper objects too.

She cooks her own dinner and breakfast but says "that's nothing." She rides to work in a car pool. Reads lot, spends much time with relatives' children. She decorates her Department of Agriculture office

with a window box and bright paintings.

### Smart Clothes

Her clothes always are smart, but she insists farmers' wives are as smartly dressed as city women these days. Size 14, she will not be in uniform herself but cottons up to the two-toned blue uniforms designed by Clarke L. Scott of the Bureau of Home Economics for the Women's Land Army of 60,000. Her hair is wavy and blond, her eyes bright blue; she wears more lipstick than rouge and won't tell her age. She never churned or patted butter, but she peddled milk; and she can milk a cow and ride a horse. She never drove a tractor because there weren't any when she was on—or near—a farm.

### Work Uniforms

The women's Land Army will wear "work uniforms, not parade clothes," Miss Hall insists. Each girl will buy her own. Nobody yet knows how much they'll cost, but the leader says a girl should have two. The uniform includes bright navy overalls (with straps that make the trousers fit ankles closely), a matching jacket and skirt, an almost-Eleanor blue shirt and a sunbonnet visored cap of the two blues.

Miss Hall was graduated from Michigan Agricultural college, specialized in nutrition at Columbia university. She's been a government girl since the last war, when she was home demonstration agent for Allegheny county, Pennsylvania.

## Davies In Alaska; Back From Russia

Fairbanks, Alaska, June 3 (Delayed) (AP)—Joseph E. Davies arrived here Monday from Moscow, where he delivered a secret message to Soviet Premier Joseph Stalin from President Roosevelt.

Although the Fairbanks dispatch did not say, it was presumed Davies arrived in Alaska by plane—the mode of travel which he used on his journey to Moscow via the Middle East.

The President's special envoy was last mentioned in cables from Moscow last Thursday, when he said he was leaving for the United States almost immediately with Premier Stalin's reply to the President.

Davies was quoted as saying that Stalin had given "every indication he was entirely in accord with the contents of the President's message." The nature of the message and the Soviet premier's reply, however, remained a state secret.

She came to Washington in 1922 as assistant to Florence Ward, of the Agricultural Extension Service.

She spent six years persuading people to drink more milk, which she hopes will keep them healthy now that there isn't so much. She's traveled 40 states in farm or dairy work.

## ODD NAMES ON LONDON'S PUBS

By LEWIS HAWKINS

London, June 3 (AP)—This treatise on British public house nomenclature is written for (a) Anglophiles who think pub names are quaint and romantic (b) Anglophobes who think the way the name saloons is silly affectation and (c) neutrals who just wonder what it's all about.

This shouldn't change any minds in classes (a) and (b) but ought to add to the confusion of (c).

Conclusions from this scientific approach are (a) the names are quaint or silly depending on how you look at them (b) most of them are chosen just because some landlord liked the sound of them (c) many of them have some clear historical association (d) a few had some specialized meaning which probably has been forgotten now and (e) some of the quaintest (or silliest) names got that way through corruption of the original names.

Some of the strange names are explained by the signs accompanying them such as that at the Max With a Load of Mischief which shows a man carrying a woman in his arms or at the Labor in Vain which shows a woman trying to wash a pickaninny white.

Among the unusual names for which no ready explanation is available are the Angel and Trumpet, Bag of Nails, Baker and Basket, Bath House, Bell and Birdcage, Blade Bone, Blind Beggar, Blue-Eyed-Maid, Coat and Badge, and Cottage of Content.

In the first year of war the fire loss to critical materials and factories in the U. S. was \$100,000,000.

## Coast Guardsmen Take State Title

New London, Conn., June 3 (AP)

In past years, when Coast Guard academy won or shared Connecticut collegiate athletic honors, it had to be careful to certify them as "minor college" championships.

The reason: Yale, a major university, is in Connecticut but its schedules don't always tie up with the smaller schools.

However, there are no strings on the Connecticut collegiate basketball championship claimed by the Coast Guard cadets for the season of 1942-43. They met Yale in basketball for the first time this year and defeated the Elis as well as University of Connecticut, twice, and Wesleyan, to make a clean sweep of home state opposition.

Washington, June 2 (AP)—

The Supreme could uphold Tuesday the convictions of Louis (Lepke) Buchalter, Emanuel Weiss and Louis Capone, alleged members of "Murder, Inc." sentenced to die at Sing Sing for slaying Joseph Rosen, a Brooklyn storekeeper.

# DE GAULLE WINS POINT IN NEW FRENCH MUDDLE

Algiers, June 3 (AP)—Gen. Henri Giraud appointed Vice Admiral Emile Muselier deputy to himself as commander-in-chief and charged him with maintaining order in Algiers and vicinity Wednesday in the midst of confusion and strain attending negotiations for a new French governing body.

This appointment followed a strange exchange of letters in which Marcel Peyrouton, who once signed an order for the arrest of Gen. Charles De Gaulle, submitted his double-barreled resignation to De

## Husband Wounded Preventing Suicide

Wilkes-Barre, Pa., June 3 (AP)—Charles Jones, 42, and his wife, Pearl, of Pittston, are in a hospital here today, with bullet wounds which Police Chief Leo A. Tierney said they suffered when Jones attempted to prevent his wife from shooting herself Tuesday night.

Mrs. Jones, mother of four children, returned to Pittston yesterday from Buffalo, where she has been working in a war factory, Chief Tierney said.

Gaulle and Giraud from his post as governor general in Algeria in response to De Gaulle's demands for a housecleaning.

The appointment of Muselier, former member of the Fighting French hierarchy who later broke with De Gaulle and is now regarded as his bitter opponent, was expected to add to the increasing tension between the French factions which only Monday came together in a new executive committee for the purpose of giving unified direction to the French war effort.

### Jailed Him Once

De Gaulle had Muselier under house arrest in London at one time after Muselier had taken the lead in the Fighting French occupation of St. Pierre and Miquelon, islands off the Newfoundland coast. He is now the chief policeman of the district in which De Gaulle lives.

Peyrouton, one of the controversial figures of the North African situation who once served Vichy as minister of interior and then as ambassador in Argentina, offered his resignation Tuesday both to De Gaulle and Giraud as joint presidents of the executive committee which is to govern liberated Frenchmen and French territory until France is freed.

### De Gaulle First

He asked both to give him back his old rank of captain in the colonial infantry reserve.

He got a double-barreled reply. De Gaulle accepted the resignation promptly and assigned him to Syria. Giraud accepted the resignation but asked him to hold on to his job for the time being.

But De Gaulle got the jump on Giraud in making his reply public. He gave it out to foreign correspondents and it was spread throughout the world. Giraud's reply appeared only in the local press.

### Canned Milk Put On Ration Lists

Washington, June 3 (AP)—Rationing of canned milk began Wednesday on short notice.

The purpose, according to Office of Price Administration, is to reduce all non-essential consumption and to conserve limited supplies for infant feeding and for persons who require canned milk in special diets.

Under the rationing, which started at 12:01 today, evaporated and condensed milk were added to the meats and fats program, but no additional points were allowed. Sixteen points per person per week are allowed for the purchase of meats and fats, and canned milk now must be included in this allowance.

It will "cost" one red point per pound, and OPA estimated infant formulas will require about 7 points a week.
